"What happens after graduation? How do I find a job? What do I require and how do I get along applying for a job? What? Those are some of the questions dealt with by the officers at student placement services at Conestoga College. Suddenly, we provide service on everything to do with job search," said Debbie Smith, placement officer. The program is designed to help students find a job or with the skills they need to find a job or with the skills they need to find a job.

Smith said student placement services will be available in various ways.

"If students request it, we give them individualized advice with resume writing and cover letter writing — all that we write the cover letter or resume for them but we provide assistance in that regard."

She also said that the program will provide help with interviewing techniques if they are encountering problems or having difficulties during an interview. We can give them a mock interview situation and give them some suggestions," said Smith.

She said the placement officer will assist any student who doesn't know what to do about a job or what to do about a job.
